

NEO MARM

QULAYLIKNING YANGI
DARAJASIGA O'TISH

SUN'IY TOSH KATALOGI

NEOMARM STOLESHNITSALAR ISHLAB CHIQRISH VA INTERYERNI QOPLASH UCHUN SERTIFIKATLANGAN.

HAMYONBOP SIFATLI ALTERNATIVA

NEOMARM – arzon estetik pardozlash materiali. DSPdan voz kechishnivaqo'shimchaxarajatlarsizqulaylikningyangidarajasiga o'tishni istaganlar uchun to'g'ri keladi.

Marmar kolleksiyasi (NM seriyasi) original marmar dekorlarini o'z ichiga oladi, granit kolleksiyasi (N seriyasi) esa turli o'lchamdagi qo'shimchalar bilan klassik dekorlarni o'z ichiga oladi.

ORIGINAL ISHLAB CHIQRISH

NEOMARM original dizaynda ishlab chiqariladi. Toshning tarkibi o'zgartirilgan akril qatronidir. Komponentdan foydalanish sizga ikkita muhim afzalliklarni olish imkonini beradi: analoglardan arzonroq mahsulotlarni yaratish va sifatini tashqiko'rinishibo'yicha qimmat alternativalar bilan taqqoslanadigan stoleshnitsa, rakovina, interyerni qoplash uchun materialni taklif qilish.

To'plamlarning rang diapazoni olijanob oq va issiq pastel qaynatilgan sutdan tortib to boy karamel va sutli shokolad rangigacha.

ISHLATILISHDA QULAY

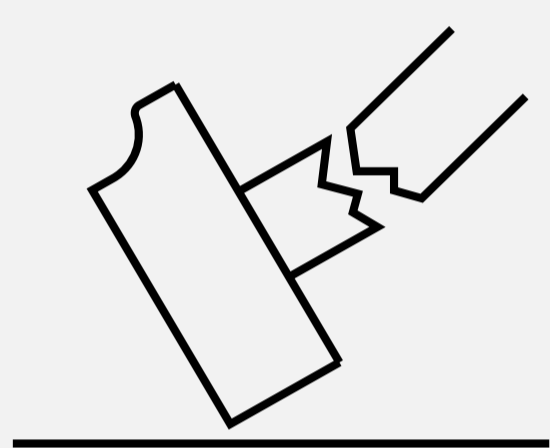

Toshda chuqurchalarning yo'qligi mukammal silliqlik va gigienani ta'minlaydi. Bakteriyalar, qo'ziqorin va mog'or gigienik sirtida ko'paymaydi. Materiallar ekologik xavfsizlik standartlariga javob beradi. Stoleshnitsa, rakovina, dekorativ paneldagi har qanday ifloslanishni olib tashlash oson. Tozalash uchun yumshoq yuvish vositasi bilan artib yuborish kifoya.

Tosh bardoshli va kundalik foydalanish paytida eskirib qolmaydi.
